

RM-10781

I had to learn Morse Code (13wpm) to receive my General Class license. I have 50% hearing lost in my right ear, and was still able to pass the code test. If I was able to do this at 13wpm, then I feel that 5wpm should still be a required part of the examination.

I therefore recommend that Petition RM-10781 be dismissed

Respectfully,  
Dick Kenney N9PVW
